# 05. SAVON D'ALEP COLLECTION

Savon D'alep is a natural soap made from olive oil and laurel. It is an ancient recipe that has been used for centuries to cleanse the skin and keep it healthy. The soap has a pleasant smell and does not contain any harsh chemicals or fragrances. It is also known for its moisturizing properties and helps to retain the natural oils in the skin. Savon dalep is gentle enough to be used on all skin types...

Mesopotamia brand is a natural soap that uses only the finest ingredients to create products that are both beautiful and beneficial for your skin. Natural soaps have become increasingly popular in recent years, as people look for

ways to take care of their bodies without using harsh chemicals.

Mesopotamia, you can have beautiful skin and enjoy luxurious bathing experiences without sacrificing quality or safety...

01

Quality: We take care that our products comply with the highest quality standards.

02

Naturalness: We use extracts from nature, essential oils and plant-based ingredients in our products.

03

Innovation: We strive to offer innovative products by constantly researching and developing.

04

Sustainability: We design our packaging and production processes to minimize environmental impact.

05

Customer Satisfaction: We understand the needs and expectations of our customers and present them accordingly.

OUR VALUES
